

DS-3500

Capture and archive
all the details of every
important meeting.

The DS-3500 Professional Dictation System digital voice recorder is designed to dramatically increase efficiency and streamline operations in any professional environment.

Security

DSS Pro real-time 128- or 256-bit file encryption makes the DS-3500 ideal for workplace environments that deal with sensitive information.

Integration

Packaged with next-generation Olympus Dictation Management System (ODMS) software the DS-3500 is designed to become an essential part of any workflow.

Flexibility

The DS-3500 and ODMS software are compatible with Microsoft Windows 7, Vista and XP and Mac OS X suiting any IT environment.

Superior Sound

The newly designed speech-optimized microphone is independently housed for flawless sound reproduction and clarity.
